Inkiostro Bianco presenta il suo nuovo progetto esclusivo InkBath System, per permetterti di comporre e combinare elementi di arredo bagno abbinandoli sia a decorazioni a parete sulle carte da parati in fibra di vetro EQ.Dekor sia a decorazioni applicate direttamente sui sanitari.

Le tue emozioni diventano realtà. Ora puoi trasformare la tua zona bagno in un'oasi di relax e stile secondo i tuoi desideri e con facilità.

L'esperienza di Inkiostro Bianco nello sviluppo di decorativi di design si fonde con il prestigio di Ceramiche Galassia e la maestria artigiana di Terzofoco per dare forma a una nuova dimensione dell'ambiente bagno.

La linea di carte da parati e di decalco è stata ideata in collaborazione con il designer Luca Papini per dare un ulteriore senso di movimento e vitalità alle pareti e ai sanitari grazie a geometrie e combinazioni cromatiche.

Vogliamo aiutarti a immaginare il tuo bagno in modo nuovo, dando maggiore risalto a questo ambiente. Ti diamo il potere di creare il tuo ambiente ideale per sentirti a tuo agio e immerso in una dimensione di pace e tranquillità. Metteremo in atto una metamorfosi completa della tua stanza da bagno, svelandone la vera potenzialità. Desideriamo che anche questa zona della casa abbia la stessa possibilità decorativa delle altre stanze e che esprima appieno la personalità di chi la abita. Un luogo dove sentirsi accolti e coccolati, come un'oasi nel deserto.

Non sarà necessario demolire ciò che già esiste per rivoluzionarli, perché la nostra fibra di vetro EQ.Dekor può essere applicata sopra ad altri sottofondi con una preparazione specifica. E stavolta ci siamo superati perché la decorazione non è più solo sulle pareti: lavabi, sanitari e piatti doccia in più modelli diversi vengono invasi da decori combinati alle carte da parati. Inoltre, la linea si completa ulteriormente con una serie di mobiletti da bagno con possibilità di personalizzazione sulle ante con la stessa grafica scelta per le pareti e una selezione di tinte murarie in coordinato.

Come fare a scegliere tra tutte le possibili combinazioni? Ci siamo noi!

Ti aiuteremo a portare armonia nel progetto e a strutturarli in modo che risponda perfettamente alle tue esigenze estetiche e funzionali.

Inkiostro Bianco presents its new exclusive project InkBath System, allowing you to compose and combine bathroom furniture elements by combining them either with wall decorations on EQ.Dekor fiber glass wallpapers or with decorations applied directly onto sanitary ware.

Your emotions become reality. Now you can transform your bathroom area into an oasis of relaxation and style according to your wishes and with ease.

Inkiostro Bianco's experience in the development of design decorations blends with the prestige of Ceramiche Galassia and the craftsmanship of Terzofoco to give birth to a new dimension of the bathroom.

The wallpaper and decal line was created in collaboration with designer Luca Papini to give an additional sense of movement and vitality to the walls and to the sanitary ware thanks to the geometries and colour combinations.

We want to help you imagine your bathroom in a new way, giving it greater prominence. We give you the power to create your ideal environment to feel comfortable and immersed in a dimension of peace and tranquility.

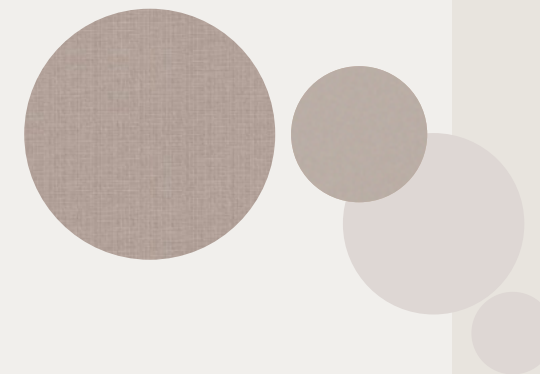

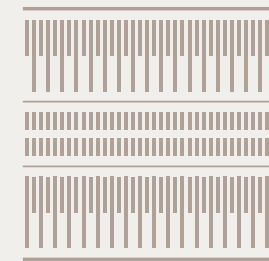

We will implement a complete metamorphosis of your bathroom, revealing its true potential. We want this area of the house to have the same decorative possibilities as the other rooms and to fully express the personality of those who live in it. A place where you can feel welcome and pampered, like an oasis in the desert.

It will not be necessary to demolish what already exists in order to transform it, because our EQ.Dekor fiber glass wallpaper can be applied on top of other substrates with a specific preparation. This time we have outdone ourselves because the decoration is no longer just on the walls: washbasins, sanitary ware and shower trays in several different designs are invaded by decorations combined with wallpapers. In addition, the line is further complemented by a series of bathroom cabinets with the option of customization on the doors with the same graphics chosen for the walls and a selection of matching wall tints.

Co.
EXTRAORDINARILY GOOD PAINT

Caratteristiche tecniche:

Pittura di alta qualità a carattere minerale, rifrange la luce rendendo il colore vivo ed intenso. Contiene ioni d'argento per garantire lunga durata.

Lavabile

Finitura elegantemente opaca

Applicabile in 2 mani con rullo/pennello

Resa al mq/lt = 11mq

Technical features:

High-quality paint with a mineral character, it refracts light making the colour vivid and intense. It contains silver ions to ensure long life.

Washable

Elegantly matt finish

Applicable in 2 coats with roller/brush

Yield per sqm/lt = 11 sqm

I colori delle tinte e delle grafiche mostrate sono indicativi.

The colours of the wall paints and graphic designs shown are indicative.
