AKUSTIK

Sound-Absorbing Systems

by

Inkiostro Bianco

PLEASE NOTE

To achieve the best performance from the AKUSTIK line, Inkiostro Bianco recommends a preliminary acoustic assessment of the space to determine the correct positioning and sizing of the sound-absorbing elements. A dedicated acoustic design service is available upon request.

NOTA BENE

Per ottenere le migliori prestazioni dalla linea AKUSTIK, Inkiostro Bianco raccomanda uno studio acustico preliminare dello spazio, utile a definire il corretto posizionamento e dimensionamento degli elementi fonoassorbenti. Il servizio di progettazione acustica è disponibile su richiesta.

AKUSTIK

AKUSTIK is Inkiostro Bianco's new line of sound-absorbing products, designed to combine acoustic performance with refined aesthetics.

More than technical solutions, its surfaces and panels become decorative elements that enhance and define interior spaces. Elegant graphics, sophisticated textures and contemporary compositions transform acoustic comfort into an integral part of the design.

With **AKUSTIK**, function and decoration come together to improve both the acoustic and visual quality of the environment.

AKUSTIK è la nuova linea di prodotti fonoassorbenti di Inkiostro Bianco, pensata per coniugare performance acustica ed estetica raffinata.

Più che semplici soluzioni tecniche, superfici e pannelli diventano elementi decorativi capaci di valorizzare e caratterizzare gli ambienti. Grafiche eleganti, texture ricercate e composizioni contemporanee trasformano il comfort acustico in parte integrante del progetto.

Con **AKUSTIK**, funzione e decorazione si incontrano per migliorare la qualità acustica e visiva dello spazio.

INK•FELT

INK•FELT is one of the products within Inkiostro Bianco's AKUSTIK line, designed to combine acoustic comfort, versatility and aesthetic research.

Particularly suited to commercial and contract spaces such as restaurants, hotels, offices and hospitality environments **INK•FELT** can also be used in private interiors, where acoustic treatment becomes an integral part of the design.

Its surface, printable on both sides, becomes a decorative element that interacts with the surrounding space while offering a high degree of creative and compositional freedom.

Made from 100% recyclable material, **INK•FELT** combines design sensitivity with a responsible approach to materials. The Velcro fastening system also makes the panels easy to install, remove and reposition, allowing interiors to evolve over time with maximum flexibility.

***INK•FELT** è uno dei prodotti della linea AKUSTIK di Inkiostro Bianco, pensato per unire comfort acustico, versatilità e ricerca estetica.*

Ideale soprattutto per spazi commerciali e contract come ristoranti, hotel, uffici e ambienti hospitality

***INK•FELT** trova applicazione anche negli spazi privati, dove il trattamento acustico diventa parte integrante del progetto d'interni.*

La superficie, stampabile su entrambi i lati, si trasforma in un elemento decorativo capace di dialogare con l'ambiente e offrire ampia libertà compositiva.

*Realizzato in materiale 100% riciclabile, **INK•FELT** coniuga attenzione al design e scelta responsabile dei materiali. Il sistema di fissaggio con velcro rende inoltre i pannelli semplici da installare, rimuovere e riposizionare, permettendo allo spazio di evolvere nel tempo con grande flessibilità.*

PLEASE NOTE

Slight colour variations may occur between production batches due to the inherent characteristics of the material and printing process.

NOTA BENE

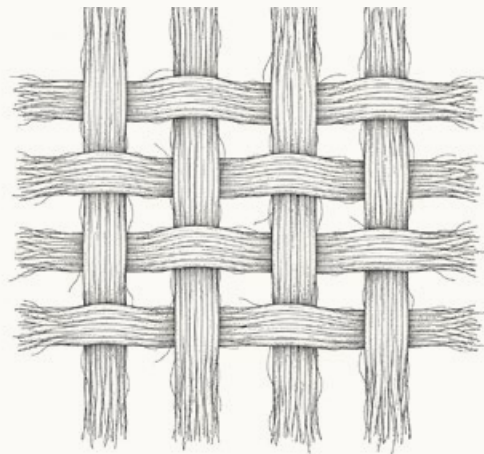

Possono verificarsi lievi variazioni cromatiche tra diversi lotti di produzione, dovute alle caratteristiche intrinseche del materiale e del processo di stampa.

PHONOTRAMA

INK•FELT COLLECTION 2026

PHONOTRAMA takes shape from the very essence of **INK•FELT**: a fibre that becomes texture, surface and visual language. The 2026 collection draws inspiration from the worlds of textiles, interiors and fashion, translating weaves, textures and tactile references into graphics designed to dress the space. A collection created to be noticed without overwhelming, completing the interior while blending naturally into it, and transforming the acoustic surface into a refined and contemporary decorative element.

PHONOTRAMA nasce dalla materia stessa di **INK•FELT**: una fibra che diventa trama, superficie e linguaggio visivo.

La collezione 2026 esplora il mondo del tessile, dell'interior e della moda, traducendone texture, intrecci e sensibilità in grafiche pensate per vestire lo spazio.

Una collezione concepita per farsi notare senza imporsi, capace di completare l'ambiente e allo stesso tempo di integrarsi naturalmente con esso, trasformando la superficie acustica in un elemento decorativo sofisticato e contemporaneo.

- **INK•FELT** panels, with a thickness of **12 mm**, are available in **60×60cm** format, printable on both sides, and **60×120cm** format. The Velcro fastening system ensures quick and easy installation while also allowing the panels to be easily removed whenever required.

- **INK•FELT** is a decorative acoustic panel made of 100% polyester (PES), with 60% recycled PET content.

- The material is certified for reaction to fire as Class **B-s2,d0** according to **EN 13501-1:2018**, following testing in accordance with **EN ISO 11925-2:2020** and **EN 13823:2020**.

- Its sound absorption performance has been tested according to UNE-EN ISO 354:2004 and classified according to **UNE-EN ISO 11654:1998**, with values varying depending on the installation system and reaching up to **α_w = 1.00**.

- **INK•FELT** also complies with **REACH** requirements, is made from a **100% recyclable material, is free from formaldehyde and VOCs**, and contributes towards **LEED® v4** certification criteria.

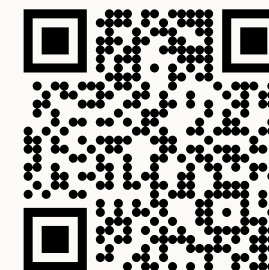

- I pannelli **INK•FELT**, con uno spessore di **12mm**, sono disponibili nei formati **60×60cm**, stampabili su entrambi i lati, e **60×120cm**. Il sistema di fissaggio con velcro rende l'installazione semplice e veloce e consente di rimuovere facilmente i pannelli quando necessario.

- **INK•FELT**, è un pannello acustico decorativo in 100% poliestere (PES), composto per il 60% da PET riciclato.

- Il materiale è certificato per la reazione al fuoco in classe **B-s2,d0** secondo **EN 13501-1:2018**, a seguito di test eseguiti secondo **EN ISO 11925-2:2020** ed **EN 13823:2020**.

- Le sue prestazioni di assorbimento acustico sono state testate secondo **UNE-EN ISO 354:2004** e classificate secondo **UNE-EN ISO 11654:1998**, con valori che variano in funzione del sistema di installazione fino a **α_w = 1,00**.

- **INKFELT** è inoltre conforme ai requisiti **REACH**, è realizzato con un materiale **100% riciclabile, privo di formaldeide e VOC**, e contribuisce ai criteri della certificazione **LEED® v4**.
